I make IT governable: portfolio, budget and delivery under Board-level control. 20+ years in IT, 14 of them leading PMOs and IT portfolios in banks and large corporations: Sber, OTP Bank, Renaissance Credit Bank, Hamkorbank, Rosgosstrakh, Moscow Government IT Department, Citibank. I build PMOs from scratch, set up demand prioritisation, the IT budget (CAPEX/OPEX) and reporting to the Management and Supervisory Boards.

$110M+ IT budget incl. payroll, built and defended at Board level	**3.5×** more change delivered on plan	**up to $40M** project portfolios kept in the green zone
450 IT staff; 24 delivery teams under my planning	**4** PMOs built from scratch	**350** people in an Agile transformation — a month ahead of plan

EXPERIENCE

Hamkorbank (Uzbekistan) Nov 2023 — present
Head of IT PMO

- Built the IT PMO from scratch; IT unit of 450 people, portfolio of **35–38 projects worth $35M**, ≈350 change requests a quarter.
- Board-approved prioritisation methodology: change delivered on plan up **3.5×**; quarterly plans of 24 teams (180–200 specialists) delivered on time.
- 2027 IT budget — **$83M + $30–35M payroll**: introduced CAPEX/OPEX and plan vs actual, ran 3 budget cycles; IT strategy portfolio with KPMG.
- Prepare decisions for the Strategy Committee, Management Board and Supervisory Board; procurement committee for $17–19M of contracts; audit and regulatory requirements.

Renaissance Credit Bank 2023
Head of PMO

- Portfolio of 30–40 projects, team of 12 project managers.
- On-time projects rose **from 60% to 90%**; **85% fewer** extra funding requests; **20% fewer** tasks dropped from releases.

Rosgosstrakh (insurance) 2021 — 2022
Head of Digital Transformation

- Launched **4 product teams** in one quarter; first product brought to market **in 1 month instead of 3–6**.

Moscow Government IT Department 2020 — 2021
Head of PMO, “Electronic House” city platform

- Scaled from pilot to all of Moscow in 2 months; users grew **from 5K to 500K** in 5 months; change throughput **2.5×**.
- During COVID-19 delivered a medical staffing system that enabled 2 hospitals to open within a month.

OTP Bank Russia (OTP Group) 2019 — 2020
Head of IT PMO

- IT Agile transformation: **350 people, 16 teams** — completed a month ahead of plan.
- Portfolio of 35–40 projects, **≈$40M in the green zone**; IT strategy backlog with McKinsey; reporting to OTP Group HQ in English.

PEK (logistics) 2018 — 2019

Head of PMO / Deputy IT Director

- PMO from scratch and a project committee with shareholders; **twice as many** major roll-outs.
- New website and mobile app: online orders **3–4×**, contact-centre load **−20%**.

Sber 2012 — 2018

Senior IT Business Partner (CTO for contact centres, back office and underwriting)

- Portfolio of **up to RUB 1.8bn a year**, **100% of projects on time**; a new contact-centre site launched in 6 months.

GE Money Bank · Citibank 2005 — 2011

Senior IT Project Manager

- Citibank: zero-incident migration of Russia to a new IVR platform within a global programme — **Citigroup award**.
